

Week 3 - Legislative Days 5-7

The legislature adjourned Wednesday, January 30th after completing the 7th legislative day. Following a break for the Super Bowl in Atlanta, the Legislature will reconvene on Tuesday, February 5, 2019. The current adjournment resolution calls for the Legislature to be in four days this week with Friday, February 8th being the 11th Legislative Day.

We have seen a number of pieces of legislation introduced including several bills on rural broadband and a bill providing for the regulation of horse racing. Next week, we expect to see bills introduced on issues, such as, the State Certificate of Need law and a bill allowing for the cultivation of medical cannabis in Georgia. We expect the pace of committee meetings and legislation to pick up this week.
